- Thin, lightweight, scratch resistant, and impact resistant space-age lenses.
- Polarized lenses are top-of-the line sunglasses that remove glare and light from reflected surfaces. Polarization is an excellent option for driving and outdoor use.
- Tinted lenses provide relief from light sensitivity and come in a variety of colors and darkness levels
- Mirrored sunglasses have a reflective optical coating on the outside of the lenses to make them appear like small mirrors. They come in a variety of colors and can add a flashy appearance to your sunglasses.

Tax \$38.14 (6.00%)

Normal Retail Fee without your vision plan \$1041.00

Out of Pocket Fees After Your Vision Plan Contribution	\$673.74
